

## Broader Impacts Services

	Project Duration	Intended Audience	Complexity Level	Potential Cost Range
<b>Exhibits and Technology</b>				
Teaching or classroom resource for MSU students and faculty	1-3 years	MSU students/faculty	Medium to High	\$5,000-15,000
Science On a Sphere product (dataset, program, animation, etc.)	1-5 years	MSU students/faculty, General public	Low to High	\$5,000-100,000
Website, video game, app, or other technology to teach about research concepts related to our collections or exhibits	2-5 years	MSU students/faculty, General public	Medium to High	\$15,000-100,000
Temporary museum exhibits of different scales (design and implementation)	2-5 years	MSU students/faculty, General public	Medium to High	\$20,000-100,000
Portable activity modules designed to teach research concepts - to be used in the Museum, on campus, or in local communities	1-3 years	MSU students/faculty, General public	Low to High	\$10,000-100,000
Small research work displays, presented in a gallery with other faculty members' projects	1-3 years	MSU students/faculty, General public	Low to Medium	\$5,000-25,000
<b>Museum Educational Programs</b>				
Focused single program for MSU students using Museum resources (on- or off-site)	1-5 years	MSU students	Medium to High	\$7,500-25,000
Series of programs to teach general museum audience about the research concepts, possibly with special emphasis on reaching particular populations	2-5 years	MSU students/faculty, General public	Low to High	\$15,000-75,000
Crowd-sourced data collection program with community education component coordinated with the Museum	1-5 years	MSU students/faculty, General public	Low to High	\$15,000-75,000
<b>Professional Development and Bootcamps</b>				
MSU student workshops or "bootcamps" focused on research concepts and museum resources	1-4 years	MSU students	High	\$10,000-75,000
Professional development workshops for MSU faculty/graduate students focused on research concepts and museum resources	1-4 years	MSU faculty	High	\$10,000-75,000
